for sure but a show get

back in this bed take it slow I swear you got a body of a goddess you don't even know
when you turn around I can't help but stare slow it down gorgeous hold it there

chorus

tonight we making love and I love you baby

I'll keep you satisfied

#verse2

second round let's get that shower

catch your breath

catch your breath

maybe after one or two hours

we can start again

and make you ran

Soon as we get in this bed I won't take it slow I swear your body it's so perfect you don't
even know when you turn around I can't help but stare slow it down gorgeous hold it
there

verse 3

You glow in the dark like a star

you shine so bright in my arms

you are so incredible
you don't even know it
and when I say she's beautiful
she doesn't believe it
